ALANGAD TALUK.

472. Establishment of a girls' school in the taluk.

Mr. Aiyappan Pillai (*Alangad*) requested that a girls' school might be opened in the taluk.

Reply.—At Alwaye, there is a Vernacular Middle School where girls are admitted. There are also six Lower Primary Schools in the taluk which are open to girls. The low attendance at the Alwaye school does not encourage the establishment of a separate school for girls.

473. Construction of a cart road from the Alwaye Taluk Cutcherry to Thirumuppom.

Mr. Aiyappan Pillai prayed that this matter might receive the kind consideration of Government.

Reply.—This is not deemed necessary.

474. Construction of a road from Angamali Railway Station to Parur via Parakadavu.

Mr. Aiyappan Pillai represented that this was another matter in which the people of the taluk were interested.

Reply.—It is five miles from the Angamali Railway station to Parakadavu. The construction of the proposed road so far has been included in the programme and will be considered. Its extension to Parur, however, cannot be now thought of.

475. Provision of a Satrom and a Travellers' Bungalow for Alwaye.

Mr. Aiyappan Pillay stated that Alwaye was an important sanitarium and a commercial centre and it was a pity that the town was not hitherto provided with either a satrom or a travellers' bungalow.

Reply.—The question of providing a satrom at Alwaye will be considered. As for the travellers' bungalow, it is thought that the old police station may be converted into a D. P. W. camp shed. This will be suggested to the Chief Engineer.

PARUR TALUK.

476. Construction of certain roads, canals and bridges in the Parur Taluk.

Mr. M. Bhaskara Menon B. A., B. L., (*Parur*) stated that this taluk stood in need of several roads, canals and bridges.
